30 October, 2023

Dear Principal,

Congratulations on the academic success of your graduate who has completed her secondary education at SPCS in 2023. We are pleased to share with you her joy for successfully entering into her desired university and faculty as follows:

<u>Name of Student</u>	<u>University</u>	<u>Program</u>
Ho Shun Yi Siena 何迅怡	PolyU	BSc (Hons) Scheme in Rehabilitation Sciences - BSc (Hons) in Physiotherapy

We share the pride of your student's success and we trust that she has gained rich learning experiences and developed her talents and potentials to the fullest in our school. She is now ready to start another stage in life at the university.

Other than this, we are glad to let you know that a total of 4 Paulinian graduates were granted the **Hong Kong Scholarship for Excellence Scheme (HKSES)** for their overseas studies commencing the academic year 2023. Each recipient will receive from the Government of the HKSAR a scholarship of HK\$300,000 per annum to cover her tuition fee abroad.

We write to thank you for sending us your best students and we are ready to receive more of them. Enclosed please find our *Prospectus* and *Notes on Application for Form One Places (2024-2025)*. Kindly deliver them to your top students so that they can embark on a most brilliant future. Our first interview is scheduled on 11 December 2023. As we will not conduct our second interview for the normal candidates until early March 2024, those with outstanding academic performance or special talents from your school may come for an early second interview on 6 January 2024 if recommended strongly by you or your staff. Please note that the closing date of application is 30 November 2023 (5:00 p.m.).

We hope that this will be a way that helps Hong Kong develop and groom future talents and leaders for the benefit of the community.

Yours faithfully,

Sister Margaret Wong

Principal
