A CONVERSATION WITH MR. LAM!

1. Did you encounter any problems in learning English when you were a kid like us?
2. Do you like reading English newspapers or magazines? Why?
3. Can you give us some tips to improve our English?

1. Yes, I did. When I was young, I was afraid of speaking English as my classmates would laugh at me. The only two sentences that I would say were 'I don't understand.' and 'May I go to the toilet, please?'
2. Definitely. I like reading South China Morning Post (SCMP). I am also interested in reading international football news.
3. You need to read and speak English more often. Don't be afraid of making mistakes! Listening to English channels and watching English cartoons also help!
