Activities

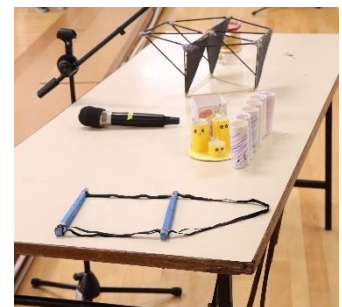

DTS Programme (P.5)

P.5 students researched different countries around the world and did presentations about them.

DTS Programme (P.6)

P.6 students upcycled some unwanted items and gave them new lives. They even tried to sell them to Principal Lam!

Activities

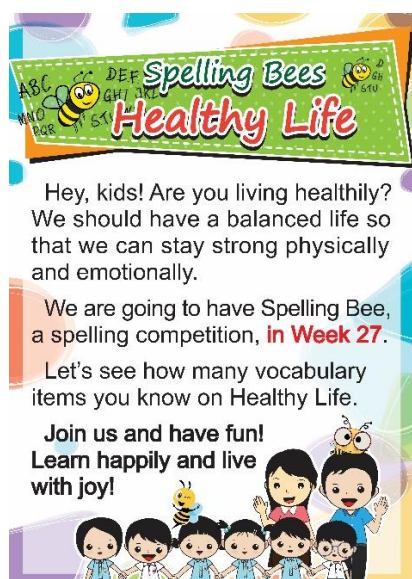

Christmas Celebration

Father Christmas is here in Kei Wan. Oh, I should say 'a few Father Christmases' are in Kei Wan!

Spelling Bee

How well do you know about a healthy lifestyle? Can you spell well like our Spelling Bee winners can?

ABC DEF Spelling Bees Healthy Life

Hey, kids! Are you living healthily? We should have a balanced life so that we can stay strong physically and emotionally.

We are going to have Spelling Bee, a spelling competition, **in Week 27**.

Let's see how many vocabulary items you know on Healthy Life.

Join us and have fun!
Learn happily and live with joy!

Activities

V-service

Kei Wan students learn to serve young children and the elderly in Hong Kong. They sent them presents and had an online meeting with the elderly and played some games with them. All of them enjoyed the morning.

Memories

After six amazing years in Kei Wan, the Primary Six students are graduating. With countless memories and loving moments, they have grown to be decent young adults and are ready to go on their adventures in their secondary schools. Kei Wan will be their forever home and where their hearts belong.

Kei Wan is a wonderful school. I'm now in Primary Six, the very last year in this lovely school. During these six years, we created lots of unforgettable memories.

Primary school life is short but it is one of the most important stages of my life. I cannot imagine who I would be if I didn't get into Kei Wan.

Here, all the teachers are friendly gardeners who take care of the little flowers every day. They water us with knowledge, fertilize us with love and weed us from our mistakes. They are not just teachers, but also friends. I'm glad to have met them here in Kei Wan.

As for my friends and classmates, they grow up with me and fill my school life with friendship and laughter. I'll never forget the happy moments that we shared.

Now I'm going to leave, I would like to thank all these lovely people and say goodbye to Kei Wan - my sweet home.

In these six years, there are a lot of unforgettable moments, a lot of friends I have made, and a lot of people I would like to thank. Now, that I'm graduating, I would like to express my gratitude to them.

I still remember my first day of school when I was like a baby, I didn't know a thing and barely talked but the teachers encouraged me. So now, I am confident and have made a lot of friends. They pass on their knowledge to me which will be beneficial to me for a lifetime.

I sincerely thank them and wish them all the best in the future.

Memories

Studying at CCC Kei Wan Primary School is a wonderful experience. I sincerely thank my teachers and classmates for accompanying me for six years.

My most unforgettable experience is the debate competition I joined when I was in Primary 5. It was an inter-school debate competition. We worked hard writing up the statements to support and motion. We practised around the clock. Hard work pays off. I got the 'Best Speaker Award' and I was over the moon when I heard the announcement.

It is my pleasure to study at CCC Kei Wan Primary School and I will never forget my alma mater.
by Wong Chung Hei

My classroom is a beautiful place. Although it is small, every corner carries my unforgettable memories.

My classroom has clean white walls and some artwork from my classmates, exuding a touch of elegance. It is spacious and bright so we can swim in the ocean of knowledge joyfully every day. The blackboard is densely packed with words our teachers write which enrich our hearts and mind. My classroom is such a wonderful place!

Soon, we will be graduating and I am so reluctant to leave my alma mater that has nurtured us for many years! In the future, I will continue to study hard and live up to everyone's expectation!
by Chan Ching Tung

The best memory I have had in these six years was the primary six basketball competition. Although I wasn't one of the basketball players, I enjoyed it a lot!

My favourite part was the teacher-student competition. Although it looked a bit unfair to the students due to the height and skill differences, it was a tense game. Everyone was very excited watching them play. Both the boy team and the girl team won the competition. I was so happy and proud of them at the same time!

It was such a treasurable moment because we seldom see our teachers do sports and we even get to compete with them. It's such a special experience!

Memories

The most unforgettable experience in Kei Wan was my third-grade school picnic and I still remember every minute of it.

On that day, my classmates and I were thrilled. We went to the destination by coach. We followed our class teacher and strolled around the site. The scenery there was fascinating! I immediately took some beautiful photos which I still have on my desk now.

We then found a shelter and enjoyed our picnic lunch. We shared our food and chatted. The food was delicious! After that, we played some group games and we sat on the mat to rest when we got tired.

It seemed to be such a simple and normal picnic but as the pandemic started the year after, I didn't get another chance to go on a picnic with my classmates anymore.

Other little moments like this make up my school life, simple yet precious. I will treasure all the things that my school has given me, caring teachers, friendly classmates, and all the different experiences that shaped me into the person I am now. I wish to express my heartfelt thanks to Kei Wan and wish my alma mater every success in the future.

We meet many people throughout our lives, some go, some stay. If someone asks me who is the most unforgettable person to me in my primary school life, I would say that is my best friend, Venice without thinking.

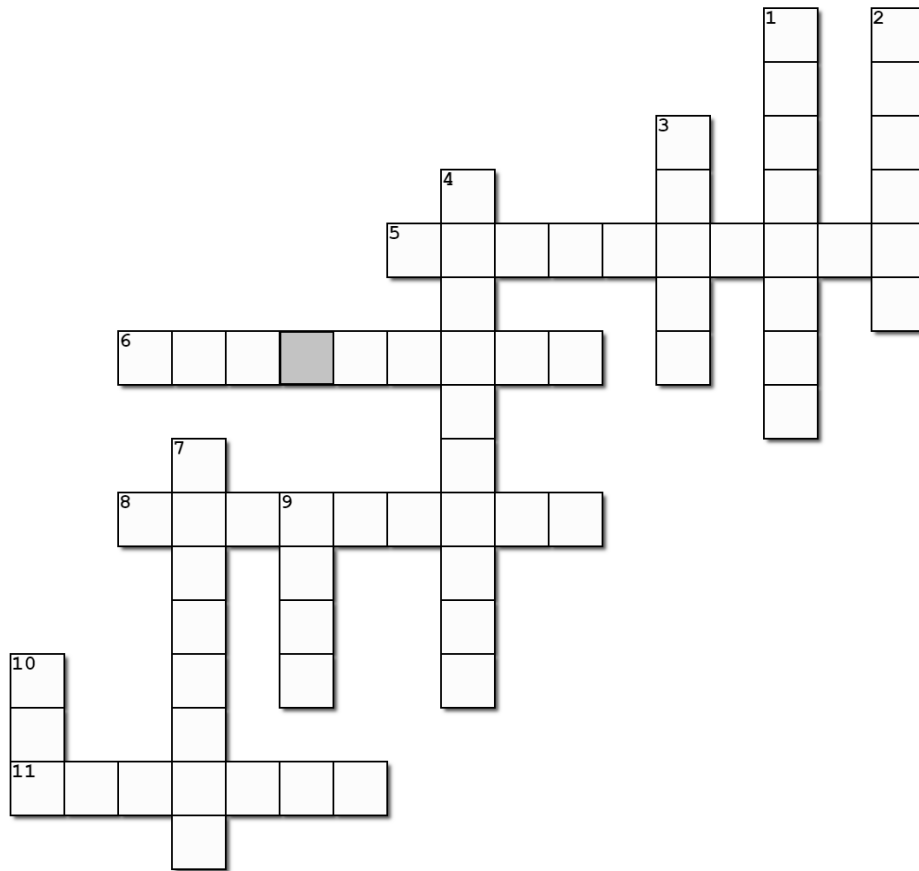

Venice became my best friend when we were in Primary Two as we both became the school pianists that year. At first, we were not so familiar with each other but we always practised playing the piano together during recess. Gradually, we became friends. Venice cares about my feelings all the time. She is happy when I am happy and she comforts me when I am sad.

I'm glad that I have such a good friend and I hope that we can continue to be friends though we will not go to the same secondary school. I would have never got to know her if my teachers did not give us the chance to be pianists and I am truly thankful for all Kei Wan has given me.
